

Jason Woosley

Grayson County Jailer

07/06/2020

After spending the last several weeks in negotiations, the Kentucky Governors Office, Kentucky Department of Corrections and the Kentucky Department of Health has given approval for the Detention Center to re-open its Community Service Program with several restrictions.

Inmate workers will be allowed to work only directly with the employees of GCDC and are restricted from being around anyone else. At this time this will only allow GCDC to return the mowing and trash removal crews back to work. All other activities will still remain suspended until further notice.
